SOCIAL EMOTIONAL LEARNING
& PLAY GROUP

About Us

Super Buddies Childcare Centre is helmed by a team of warm, fun, and dynamic individuals who are passionate about learning through play. Play is essential for children to develop their creativity, imagination, confidence, and physical, cognitive & emotional strength.

We are also advocates of gentle nurturing and believe that securely attached infants grow into collaborative, adventurous, curious & empathic children. These children will ultimately make the most compassionate and effective leaders of tomorrow.

Why Play?

Our play-based approach focuses on child-initiated and adult-supported learning. We want our children to develop inquisitive minds, gain a thirst for adventure & exploration and understand learning as a joyful, lifelong process.

All learning areas such as communication & language, physical, social & emotional development, literacy, math, understanding of the world, and expressive arts will be presented as fun and interesting play-activities that encourage active learning in our children.

BabyBuds Programme

from 8 weeks to 18 months

Full Day 7:30am - 7:30pm (Mon-Fri)

Half Day 7:30am - 2:00pm (Mon-Fri)

Breastfeeding-supportive

Proper storage and handling of chilled/frozen breastmilk according to WHO guidelines. Free breastfeeding guidance for parents by in-house breastfeeding counsellor

Gentle & Holistic Sleep Approach

We encourage gentle soothing methods, routines & comfort. We also prioritize each baby's feeling of security when it is time for a nap

Warm & Responsive Caregivers

Our caregivers are always warm & responsive to babies' babbling, crying & body language. All ways of communication from our babies are always welcome

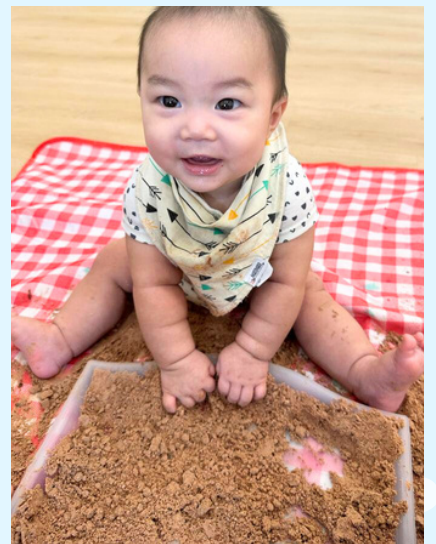

Safe & Comfortable Environment

All sleeping cribs and baby play area in our nursery meet JKM safety standards. Natural sunlight and soft pastel colours provide a stimulating yet comfortable environment for babies

Physical Play

Explorers Programme

from 1.5 to 4 years old

Full Day 7:30am - 7:30pm (Mon-Fri)

Half Day 7:30am - 2:00pm (Mon-Fri)

Play-based Learning

Hands-on, creative & fun play-activities are the main mode of learning for all age groups. They will be immersed in colourful stories, problem-solving projects, and imaginative pretend play

Balanced & Nutritious Meals

Every meal is thoughtfully planned & prepared to include all the essential nutritional groups for a healthy mind & body

Developmental Milestones

Every child's developmental milestones are always celebrated. A summary of newly developed skills will be communicated to families regularly

Fun & Engaging Educators

Our educators are always interactive, energetic, warm and fun. Communication with our children is always encouraged and supported
