Prof Howard Gardner

TALENT CAN BE CULTIVATED !

The theory of Multiple Intelligences was developed in 1983 by Dr. Howard Gardner, an American psychologist at Harvard University. The theory suggests that the traditional notion of IQ testing-based intelligence is far too limited.

1983年，哈佛大学心理学家霍华·迦纳 (Howard Gardner) 提出了【多元智慧理论】，打破传统 IQ 的限制。

ABC Tot adopts the 8 intelligences stated in Multiple Intelligences. Through linguistic, logical-mathematical, spatial, bodily-kinesthetic, musical, interpersonal, intrapersonal and naturalist intelligences, students can learn comprehensively and experience a one-of-a-kind art programme !

ABC Tot 应用多元智慧的八大学习技能，通过手工美术、科学、逻辑思维、音乐听觉、人际关系、个人内审、语言文字、大自然观察，让孩子们可以通过美感教育，全面化学习和成长。
