Welcome to Rainbow Lighthouse Kindergarten!

Rainbow Lighthouse Kindy is a purpose-built school designed to provide children a holistic learning experience in giving them a right head start in life.

We have dedicated, experienced and certified Montessori teachers, and trained assistants to guide your children.

Together we work to create stimulating and interactive learning environments full of materials and activities to interest and challenge the children physically, socially, mentally, and emotionally.

Practical Life

Practical life activity helps the child to develop their motor skills, dexterity and co-ordinations. It also helps the child to have care and respect for their belongings.

Sensorial

Sensorial activity enhances the child's five senses through dimension, sound, smell, colour and form.

Mathematics:

Mathematics is taught through a fun and interactive way using the Montessori materials. Mathematics helps children to develop critical thinking and problem-solving skills.

Cultural Studies

Cultural studies introduce children to the larger world through zoology, botany, geography, and the different cultures of the world.

Programmes:

We have a few flexible programmes to suit your child's needs:

Morning Programme (8.30am to 12.00/12.30pm)

Afternoon Programme (1.00pm to 4.00pm)

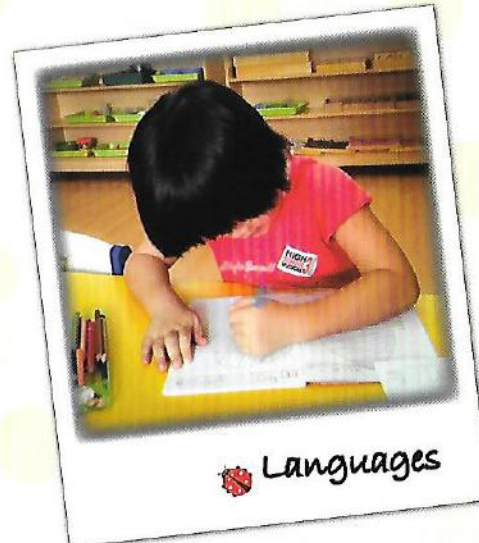

Half-Day Care Programme (8.30am to 3.30pm or 12.30pm to 6.30pm)

Full-Day Care Programme (8.30am to 6.30pm)

Holiday Programmes (twice a year)

Toddler's Programme-below 3years old (8.30pm to 12.00pm)

Lunch Programme (12.30pm to 1.00pm)

Languages

Language helps the child to "connect" and uses them to express their thoughts and feelings according to the needs of their mind.

We provide three languages in the curriculum: English, Bahasa Malaysia and Mandarin.
