

Programmes Offered

Beyond Kids Montessori offered the most up-to-date and comprehensive Montessori Education with the adaption into our National Pre-school Curriculum. We are following closely to the primary school syllabus (KSSR) in preparing our students to Primary school and for life-long learning.

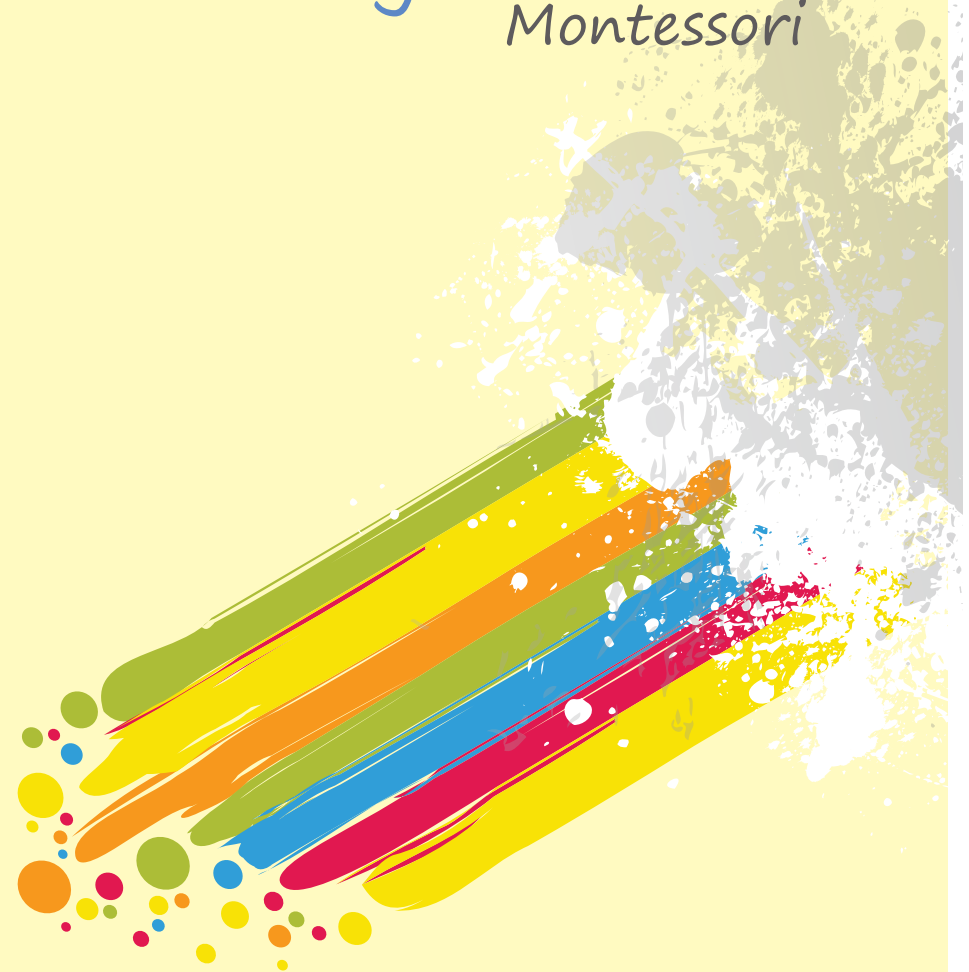

Toddler Programme (Age 2)

As toddlers develop friendships, self-esteem, and curiosity, our Early Foundations Toddler program will help them explore their world in a safe and nurturing environment.

Our unique early childhood curriculum is based on the philosophy that children learn best through hands-on experiences.

Each day is filled with fun activities that excite and help toddlers develop in ways that give them the comfort and confidence to grow and develop both cognitively and socially. In addition to caring for your toddler, everything we do is designed for learning.

- ➔ A perfect balance of nurturing, playtime, and learning each day
- ➔ Daily group activities that help boost your child's social skills
- ➔ Regular teacher-family communication, including daily updates to keep you informed
- ➔ Themed monthly units that provide a variety of daily experiences
- ➔ Learning areas focused on dramatic play, mathematics, creative arts, language, and sensory exploration
- ➔ Age-appropriate activities and materials that develop confidence, self-esteem, and a love of learning

Pre-School Programme (Age 3)

At this age, children make new discoveries daily. And as three-year-olds begin to express their independence, our Pre-School Program introduces them to a world of learning, sharing, and exploring.

Our holistic approach in the classroom engages young minds with the early learning fundamentals they'll need as they continue on to preschool programme, with a rich blend of music, art, and dramatic play.

- Hands-On Experiences Activities
- Right & Left Brain Development
- Montessori Approached of Learning (Cognitive, Social-Emotional, Physical Development)
- Small Group Ratios
- Character Building (Self Confidence & Independence)
- Fun Learning Environment

Pre-Kindergarten Programme (Age 4)

Pre-kindergarten is a time when children are making connections between what they know and what they are learning. As they leave the world of preschool and head towards kindergarten, children are learning to participate in routines, demonstrate ability to make decisions, and plan ahead.

Daily activities at Beyond Kids are designed to help children continue to make decisions on their own and in the classroom. We prepare them for the next stage of their education while giving them a place to feel comfortable and safe to explore their interests.

- Cognitive Development
- Creative Expression
- Executive Function
- Language and Literacy Development
- Physical Development and Wellness
- Social and Emotional Development
- Montessori Core Subjects (Practical Life Activities, Sensorial Exercises, Montessori Language, Montessori Mathematics, Cultural Subject (Science Activities), Music & Movements, Art & Craft, Children Cookery)

Kindergarten Programme (Age 5 & 6)

As children reach school age, our comprehensive, academically-rich kindergarten program helps them explore, communicate, and create — all in a nurturing, small-class setting. We present our unique curriculum of reading, language arts, mathematics, science, social studies, and physical fitness in an engaging way that encourages a lifelong love of learning. Our kindergarten program prepares children to confidently enter Primary 1.

- Individual attention in a small-class setting
- Comprehensive kindergarten learning program with before- and after-school care
- Educational field trips and school presentations that build on classroom learning
- Regular teacher-family communication, including daily updates to keep you informed
- Comprehensive reporting on individual child achievement through standardized tests and parent-teacher conferences
- Montessori Core Subjects: (Practical Life Activities, Sensorial Exercises, Montessori Language, Montessori Mathematics, Cultural Subject (Science Activities), Music & Movements, Art & Craft, Children Cookery)
