

CHILD CARE CENTRE (TAMAN EQUINE, SERI KEMBANGAN)

KIDSKOOL

Each Day Is A Wholesome, Fun Adventure!

Picking a safe child care centre for their children can be challenging for families, especially when there are so many popping up all the time. However, parents whose children attend Kidskool in Seri Kembangan are some of the most satisfied we know, for the acclaimed preschool and infant care centre has been making waves as a place where children build values and engage in meaningful, educational activities. Kidskool is also known for teaching little ones about respect, politeness and compassion, and helping them grow into responsible individuals with positive attitudes. As a safe, trendy yet homely daycare centre for children between the ages of 2months and 6 years, Kidskool offers well-designed spaces fitted with purpose-built facilities and ample educational resources. Depending on a child's age, Kidskool offers quality care while instilling children with the skills to thrive as they grow and develop, and eventually, enter primary school. It is truly a safe and conducive environment for little ones to develop and grow. What's more, its second outlet was recently opened at Bukit Puchong. Kidskool; parents love it, kids love it even more!
